Alard Charitable Trust's

# Alard Public School

(CBSE - Curriculum)

## Vision

- To create a center of academic excellence in the field school education.
- To provide right knowledge, skill and attitude to the child.
- To shape the student to be competitive.
- To fulfill the requirement of future so that they develop positive personality and face the challenges of life bravely.

## Mission

We realize that basic education is fundamental for the complete development of an individual. As a premier teaching institute, we ensure to harness this inherent potential to growing needs of higher technical education.

We have missionary thoughts for overall dynamic development of a child as it is the need of the hour. We have provided programmes focusing on the historic development of a child and continuous upgradation of knowledge.

## About the Trust

Alard Charitable Trust is an educational Trust which was established in the year 1999 under the leadership of its Managing Trustee Mr. L.R.Yadav. He has 22 year of experience in education, turnkey project execution, consultancy, engineering, marketing and exports.

The board of trustee are keenly involved in education field along with industry and corporate world.

The trust is running the following technical institutes.

- Alard Institutes of Management Sciences
- Alard School of Business Management
- Alard College of Pharmacy
- Alard College of Engineering and Management.

All the institute are approved by AICTE, Affiliated to University of Pune, Recognized by DTE (Govt. of Maharashtra) which are running successfully and imparting quality education. Now the trust has decided to promote quality school education under the Banner of ALARD PUBLIC SCHOOL to be affiliated to CBSE Board New Delhi.

## Chairman's Message

Dear Parents,

The bricks and mortar alone do not build Institute of learning. It is the students and teachers who make up these institutions. Institutes of learning are nothing but citadels where the constant propagation of methods and systems for developing 'Gyan, Buddhi and Vivek are applied.

By Gyan we mean knowledge , by Buddhi we mean wisdom & by Vivek we mean consciousness.

The human being is called learned only when he has all these three dimensions. We at Alard are committed with dedication and devotion to impart such education.

We have handpicked reputed, well experienced faculty members to impart wisdom and have consciously created an atmosphere in which learning can take place.

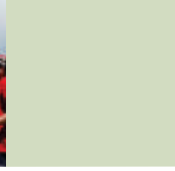

To impart education at all levels is our lifeline and we have a passion to produce excellent citizens for the globe, and therefore this approach.

Having had such an excellent rich experience in imparting Higher education the trust unanimously decided to venture into school education forthwith and hence, this action into it.

L.R.Yadav (B.Sc (IT) PGDM MBA)  
Founder Chairman , Alard Charitable Trust

## About School

Now through fully venturing into school education from academic session 2013-14 beginning with Nursery to Senior Kg in Pre-Primary and from I to V in Primary. Your beloved child is very safe in our hands and has ready made future Campus with us.

The School will have further upper classes with natural growth VI onwards every year. And that will reach up to X in the Secondary School Education.

## Aims & Objectives

- Over all dynamic development of the child is the need of the hour.
- Alard Public School Management has designed the curriculum the routine of the days which includes extra-curricular activities, games and sports (indoor/outdoor), camping hobbies, etc, to nurture the students in the school. This will take every child to a greater heights and his/her personal performance towards excellence.
- Alard offers an excellent congenial atmosphere from Nursery to Post Graduation under one umbrella, which is a right path for any child who is desirous to make a career in the city of Pune.
- Safety of every child is the first and foremost priority of Alard Public School. Every child deserves to have a proper shelter and safety during the childhood. We have taken every measure to ensure that our students grow up in the environment that builds confidence friendship, security and happiness, which is cherished as good old memories in time to come.

## Infrastructure

The high class building of Alard Public School Pune near Hinjewadi IT Park. It is situated in the lush green surroundings, this inspires children at their early age and this is exactly what has happened in case of Alard Public School Campus .

The Alard Campus is full of oxygen which helps in the enhancement of student I-Q and physical fitness. We are confident and it will not be an exaggeration if we say that Alard is with Zero Pollution. The campus is at its highest level in maintaining flora and fauna, whispering of various birds and nesting them.

## Faculty

It is endeavour and our usual practice at Alard to absorb the best of qualified, experienced and devoted faculties to run the school as per the prescribed curriculum by the authorities.

Alard has already identified such persons to join on our board for the incoming fresh academic session.

The members on our board will be always available on the campus throughout the day and shoulder responsibilities bestowed on them for the enhancement of each student.

## Class Rooms

The classrooms are spacious well-ventilated, well lit and equipped with modern education amenities. The emphasis is laid on cleanliness and beautification of the class rooms. High class classroom environment will enrich the quality of the teaching-learning process.

## Library

The library occupies a special place in our learning environment. It is a spacious , airy and well stocked with books on various subjects. It has proved to be the prime center of learning. Conscious efforts will be made to inculcate the reading habit among the students. Facility of home issuing of books will also be made available.

## Laboratories

Well equipped separate laboratories of Physics, Chemistry and Biology are provided. Each laboratory has adequate workstations. The material and apparatus in the laboratories help our budding scientist to understand the knowledge gained from books better through demonstrations as well as self experimentation.

## Computer Center

The Computer Center is well equipped giving students unlimited access to computer and associated educational software tools. The laboratories are equipped with multimedia computers running windows, MS Office etc. Educational CDs are also provided to students to enhance their knowledge.

## Fine Arts

To nurture and develop the creative aspect of every child the school will impart special training to students in the fine arts section, dance, music, dramatics, drawing and painting etc. These activities will help them to learn our rich culture and traditions. The school will give special training for playing musical instruments.

## Co-Curricular Activities

Physical fitness and health education is an integral part of the school curriculum with activities like yoga, aerobics, etc. Trained professional personnel help the students to acquire skills and techniques required for various games and sports.

A specially designed play area with modern play equipments is also available to the tiny tots. A vast green expanse of well maintained lawn is used by the students for playing various games like football, hockey, basketball, cricket etc. The students will be coached for indoor and outdoor games. Inter class and inter house competitions will be conducted regularly in sports. The students will also participate in inter school competitions.

## Entertainment Activities

The school arranges puppet shows, theatre, magic shows etc, to provide the students learning experience through recreation. These activities help the school to know child's interest and develop it further. The student will get opportunity to exhibit their talent by participating in cultural activities and annual gathering.

## Excursions

The School organizes picnics, social service camps and field visits. These activities prove to be a source of enjoyment as well as informal learning. The students get first hand knowledge about community living through such activities.

## Amenities

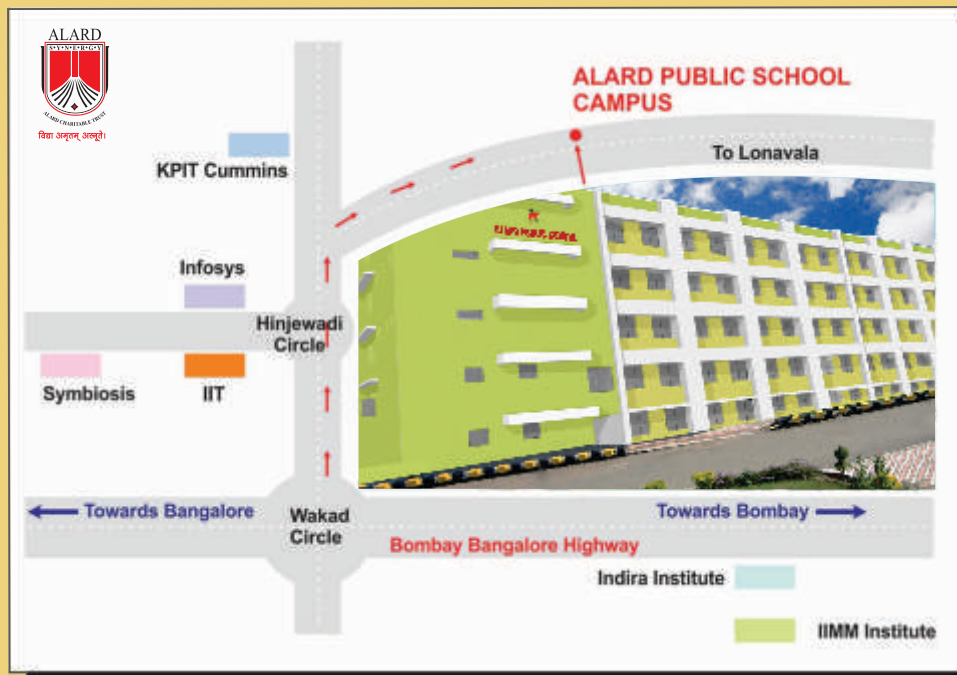

### Campus Clinic

Well qualified and experienced staff is available on the school campus to provide necessary medical aid to the students. The school will organize the monthly medical check up and maintain health report for each student.

### Transport Facility

Transport facility shall also be made available on payment, as per the route and distance between home and school.
